

The Buzz

October, 2022 / Issue 4

@RIVEROAKS

Change is in the air, fall is coming in fast! Pumpkins, scarecrows, apple picking & sunny beach days are still available. Living on the Central Coast of CA is truly the best of both worlds, as many places enter their "off-season" we can put a foot in the new & continue to keep one in a beloved flip flop.

There is a cornucopia of autumnal adventures to choose from in SLO County. What is your pleasure? There are pumpkin patches a plenty along with hayrides, corn mazes & more. The closest to us would be

River K Pumpkin Patch in Paso or Chesebrough Farm & Jack Creek Farms both located in Templeton. Another can't miss yearly event is The Cambria Scarecrow Festival featuring hundreds of different scarecrows by local business owners and community members. A day in Cambria is always a lovely idea. Lastly, we can not forget it is Harvest Wine Month, wineries all over the county are celebrating. Barbecues, live music, winemaker dinners, barrel tastings in casual or upscale style can be enjoyed. Check in with the Lifestyle office if you would like help navigating all of the options that interest you & yours. I look forward to hearing from you.
